

**Step1:** Select an installation order (with **'Waiting for Delivery'** status) from the Order List Screen, and press the 'START' button. Then the application will navigate to the order detail screen, we can expand or collapse the content by clicking the title such as **'Order Info'** or **'Attachments'**. Contents with red \* symbol are required fields. Content with a blue gesture symbol can be swiped left or right.

**Step2:** Take photos and add comment (comment is not required, you can leave it blank) for the installation order.

**Step3:** Once we have taken one or more photos in the **Attachment** section, then we can press the 'COMPLETE' button to submit the delivery task. Press 'Yes' on the confirm dialog, after loading time, you will see a success notice and the installation order status will become 'Waiting for installation'.

**Manage User Account:** By clicking on the user photo on the top right corner, we can open the main menu, then press the Manage Account button to navigate to the manage account screen. We can reset display name or photo, and change the password in the manage account screen.
